Adventurous twins off to a healthy start thanks to Swedish caregivers

A trio of beautifully-costumed ballerinas in pink, green and purple dance across a recent drawing by Adela, age 6. The freckled brunette is a prolific artist, and her twin brother, Aiden, is a football buff. He can give you a detailed commentary of the most recent Super Bowl — just ask.

In December 2006, Aiden and Adela were born at 34 weeks, and their natural eating instinct had not yet developed. After spending two days in the Swedish Nursery, learning how to eat and to regulate their own body temperatures.

Michael and Maureen Rimkus are the proud parents of this gregarious duo, and feel grateful for the care they received at Swedish during the months before and after their special deliveries. “The nurses were amazing,” Maureen shares. “They gave us the confidence we needed to take the twins home and care for them ourselves.”

The Rimkus family recently made a donation to Swedish in appreciation of their care, and inscribed leaves for each of the twins on the Family Tree. “We thank all of our caregivers, because they helped us to get our new family off to a healthy start.”

To add a leaf to our Family Tree for your loved one, call (206) 386-2738 or visit www.swedishfoundation.org/swedish-family-tree.
The Marsha Rivkin Center for Ovarian Cancer Research held its 11th annual auction and celebration at the Bellevue Hyatt Regency. More than 500 guests attended and generously contributed $1.14 million in support of ovarian cancer research.

Chaired by Katie Van Kessel, M.D. and Derek Loeser and led by a committee of volunteers, the event was also an opportunity to celebrate the **Courage for Life Award** and the **Babs Fisher Valor Award** recipients.

The **Courage for Life Award** recognizes those who, in the face of ovarian cancer, demonstrate a profound passion for life, a generosity to others, and an important contribution to the efforts of the organization. The 2012 award went to survivor Karla Mooers, D.V.M.

The **Babs Fisher Valor Award** recognizes those who provide outstanding leadership in increasing awareness of ovarian cancer, inspire philanthropic advocacy, and help to further the mission of the Rivkin Center. The 2012 award — the inaugural award — went to Gloria and Eric Bensussen.

Proceeds from the Family & Friends Auction benefit the Marsha Rivkin Center for Ovarian Cancer Research which advances research nationwide in areas of treatment, early detection and the prevention of ovarian cancer. The Rivkin Center also provides the Northwest's only Ovarian Cancer Early Detection Screening Program for women at high risk for the disease.

Harley Marine Services, a leading provider of marine transportation services, successfully raised over $87,000 for the Kaplan Cancer Research Fund at their first annual Fall Invitational Golf and Dinner celebration in September 2012. The Seattle-based company hosted a golf tournament and dinner to commemorate their 25th anniversary of serving the maritime community, inviting their key customers, business partners, and employees. Throughout the day, guests had the opportunity to make donations to the Kaplan Cancer Research Fund at Swedish. Harley Marine’s CFO, Todd Prophet, is a patient of Hank Kaplan, M.D., and their community has rallied together to support Todd’s battle with lung cancer. The company refers to itself as “Team Todd,” and has shown its encouragement and support in multiple ways. For example, many employees wear yellow wrist bands around the office printed with the words, “TEAM TODD — FIGHT FIGHT FIGHT.” Harley Franco, Chairman and CEO of Harley Marine, says, “We all stand with Todd and his family and are here to provide them strength and hope.”

The 2012 tournament and dinner, held at the Glendale Golf Club in Bellevue, Washington, attracted nearly 150 participants. At the event, over $29,000 was raised from guests, which was then matched not only with a corporate gift, but also with a personal gift from Harley Franco and his wife, Lela. Since the Francos also know others who have been touched by cancer, they chose to support the Kaplan Cancer Research Fund. Thanks to their leadership and organization of this event, “Team Todd” is helping further cancer research in Seattle.

The Kaplan Cancer Research Fund focuses on advancing clinical trials and experimental therapies to ultimately improve treatment and care for people with cancer. “Philanthropy is essential to our research program, and we are honored that Harley Marine chose to support our work in this way,” says Dr. Kaplan.

Harley Marine Services plans to host the 2013 Fall Invitational on August 26 at the Glendale Golf Club in Bellevue, and will again support the Kaplan Cancer Research Fund. Swedish is very grateful for their tremendous support.

Every gift, no matter the size, makes a difference in the lives of Swedish patients.

Thank you for joining more than 50,000 people who have invested in The Campaign for Swedish since 2007!

Swedish Medical Center Foundation is grateful for every gift we receive because every dollar is an investment in the health of our community. Annual gifts of all amounts are pooled together to make a big impact on the programs and projections that directly affect our patients.

Gifts made to Swedish through the end of 2013 count toward The Campaign for Swedish. The Campaign supports programs, physicians and services that have the biggest impact on our ability to provide the most advanced, quality and safe care to our patients.

We are grateful for your partnership.
The Swedish Foundation is proud to recognize our donors who have made provisions for Swedish through an estate gift, life income arrangement, or another type of planned gift.
